The contractor certifies that all information the contractor has provided or will provide to the City is true and correct and can be relied upon by the City in awarding, modifying, making payments, or taking any other action with respect to this contract including resolving claims and disputes. Any false or misleading information is a ground for the City to terminate this contract for cause and to pursue any other appropriate remedy. The contractor certifies that the contractor's accounting system conforms with generally accepted accounting principles, is sufficient to comply with the contract's budgetary and financial obligations, and is sufficient to produce reliable financial information.

The City may examine the contractor's and any first-tier subcontractor's records to determine and verify compliance with the contract and to resolve or decide any claim or dispute arising under this contract. The contractor and any first-tier subcontractor must grant the City access to these records at all reasonable times during the contract term and for 3 years after final payment. 2. CHANGES

Within the general scope of the contract work, the City may unilaterally change the work, materials and services to be performed. The change must be in writing and within the general scope of the contract. In such cases, the contract will be modified to reflect any time or money adjustment the contractor is entitled to receive. The contractor shall not proceed with these changes (either additions or deletions) without a Change Order or Contract Amendment being signed by both the City and the contractor and the Order or Amendment stating, as applicable, the change in the work and an estimate of the time and/or cost involved in the change. Any claim of the contractor for an adjustment in time or money due to change must be made in writing within 30 days from the date the City notified the contractor of the change, or the claim is waived. Any failure to agree upon a time or money adjustment must be resolved under the "Disputes" articles of these General Conditions. The contractor must proceed with the prosecution of the work as changed, even if there is an unresolved claim. No charge for any extra work, time or material will be allowed, except as provided in this section.

A. Any dispute arising under this contract which is not resolved by an agreement between the parties shall be decided by the City Manager, after reasonable opportunity is provided for all parties to provide written documentation supporting their position. The contractor warrants that it has title to or right of use of all documents, materials or data used or developed in connection with this contract.

8. GUARANTEE

A. Contractor guarantees for one year from acceptance, or for a longer period that is otherwise expressly stated in the City's Request for Proposals or other written solicitation, all goods, services, and construction offered, including those used in the course of providing the goods, services, and/or construction. This includes a guarantee that all products offered (or used in the installation of those products) carry a guarantee against any and all defects for a minimum period of one year from acceptance, or for a longer period stated in the City's written solicitation. The contractor must correct any and all defects in material and/or workmanship that may appear during the guarantee period, or any defects that occur within one (1) year of acceptance even if discovered more than one (1) year after acceptance, by repairing, (or replacing with new items or new materials, if necessary) any such defect at no cost to the City and to the City's satisfaction.

B. Should a manufacturer's or service provider's warranty or guarantee exceed the requirements stated above, that guarantee or warranty will be the primary one used in the case of defect. Copies of manufacturer's or service provider's warranties must be provided upon request.

Items that are used, rebuilt, or demonstrator models are unacceptable, unless specifically requested or approved by the City in the contract documents or specifications.

9. INCONSISTENT PROVISIONS

Notwithstanding any provisions to the contrary in any contract terms or conditions unilaterally supplied by the contractor, this General Conditions of Contract document supersedes the contractor's terms and conditions, in the event of any inconsistency.

10. INDEMNIFICATION

The contractor is responsible for any loss, personal injury, death and any other damage (including incidental and consequential) arising out of, incident to, or caused by reason of the contractor's negligence, malfeasance or failure to perform any contractual obligations. If requested by the City, the contractor must defend the City in any action or suit brought against the City arising out of the contractor's negligence, errors, acts or omissions under this contract. The negligence or malfeasance of any agent, subcontractor or employee of the contractor is deemed to be the negligence or malfeasance of the contractor. For the purposes of this paragraph, City includes its commissions, departments, agencies, agents, officials, and employees.

17. PAYMENTS

No payment by the City may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the City.

If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor's performance under this contract beyond the initial term is contingent upon, and subject to, the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support continued contractor performance in a subsequent fiscal period, contractor's performance must end, without further cost to the City, upon the receipt of notice from

the City. The contractor acknowledges that the City Manager has no obligation to recommend, and the City Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the City has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. In addition to any other remedies provided by law or the contract, the

contractor must compensate the City for additional costs that foreseeably would be incurred by the City, whether the costs are actually incurred or not, to obtain substitute performance.
